Subject: Subject: GREENSTORATION GHANA PARTNERSHIP WITH EGA MENTORSHIP INTERNATIONAL.

Dear EGA Mentorship International,

I hope this letter finds you well. We are excited about your interest in partnering with Greenstoration Ghana for the SDGs Project. I am reaching out on behalf of Greenstoration Ghana to let you know that we duly accept the offer of EGA Mentorship International in the following ways:

- a. **Mentorship Programs:** Tailored mentorship to help emerging leaders in climate and sustainability develop critical skills and expand their professional networks.
- b. **Capacity Building and Training:** Jointly organized workshops, seminars, and educational programs equip youth with the knowledge and tools to drive sustainability initiatives and climate action.
- c. **Volunteerism:** Creating local and international volunteer opportunities, providing young people with practical experience in implementing sustainability solutions, and engaging in global climate advocacy.
- d. **Joint Advocacy Campaigns:** Raising awareness about climate change, sustainability, and environmental conservation through collaborative campaigns at the community, national, and global levels.

We are thrilled about the prospect of collaborating with Take Action Global to make a meaningful difference in the lives of young people and the planet. By working together, we can create a strong connection between our organizations and ensure that the Planet-Pals Educational Project (PPE Project) reaches its full potential.

Thank you for considering this partnership opportunity. We look forward to the possibility of working together to create a lasting impact on the environment and the future of our youth.

Green regards,

Robert Yadama Laar

Partnership & Project Head
